Pour Nobilspritz into a large type "tumbler" glass, add ice to taste and a slice of orange and your aperitif is ready

Sparkling of the wine according to the Charmat method followed by a completely natural aromatization

Inspired by an evergreen among the Italian alcoholic aperitifs, Nobilspritz perfectly combines the fragrant notes of white and exotic fruit of sparkling wines, with those citrus and herbaceous notes of natural infused aromas. In the mouth it is fresh, soft with a pleasant bitter finish.

Ideal at any time of the day, it is an excellent aperitif and goes well with platters of mixed cold cuts, cheeses and savory snacks of all kinds.
